

# Orlando Health Contractor Education Program

## 2017 Program Launches Jan 1, 2017!

This program provides basic education to contractors, subcontractors and their employees, working within Orlando Health.

The training topics are:

- Fire and life safety rules
- Infection prevention rules
- Safety regulations
- General organizational expectations in relation to security, behavior and dress code

## 3M's

### Contractors

**Must** complete the education program during January 2017 to work on a project at Orlando Health (existing or new)

**Must** pass the associated test before working at an Orlando Health facility

**Must** complete the training on an annual basis - every January

- Compliance will be verified before a contractor is issued an Orlando Health identification badge.
- Hyperlink to Contractor Education is <https://worksafe.orhs.org>

*When it matters most.*
